* The above data refer to a temperature of 3000K

Model	Description	Housing hole	Dimensions Ø450x575mm	Custom dimensions
	<p>Led lighting body composed off n°4 light diffusers in Murano glass PINK COLOR (other colors on request). The petals take the shape of those of a stylized tulip. The lamp stem is composed of n°4 branches in brass with galvanic treatment antiquated effect. The lamp is provided with 25cm cable for the electrical connection to the power supply. Indoor recessed installation on any flat and rigid surface. Fixing by bushing to glue in the drywall, pressure assembly. <i>To reduce bulk and facilitate transport, the lamp can be supplied disassembled.</i> <i>The assembly of the lighting body is easy to carry out, however it will be clarified with specific instructions</i></p>	<p> Hole Ø 25 mm With bushing to glue</p>		

POWER SUPPLY: 350mA constant current SELV power supply, not included, located remotely		Connection: Connector compliant with EN 60998-2-1 standards	
<p>Series electrical connection. POLARITY: RED cable + BLACK Cable- // BROWN cable + BLUE cable-</p>		<p>ATTENTION</p> <p>The protection degree of the connection system must be identical or greater than the protection degree of the product. The junction clips are not included. The installation must be carried out by qualified personnel</p>	<p>(FACSIMILE)</p>
<p>● ATTENTION: Before starting all electrical connections, make sure that the power supply is not powered. The connection to the electricity grid must be carried out only after completing the wiring of all the components. If this simply rule is not respected, the lighting source will be irretrievably damaged. The installation must be carried out by qualified personnel.</p>			

Compliant with European standards EMC – RoHS – REACH – Ecodesign	It must not be provided with a electrical ground of protection	NON DIMMABLE	OPERATING TEMPERATURE -20°C +40°C	Separate waste collection of electric and electronic equipment	Made in Italy Projected, manufactured and assembled in Italy

<p>Drill the drywall Ø25mm</p>		
<p>Insert the bushing in the hole by gluing it with adhesive suitable to the support. Wait the drying time. THE ADHESIVE IS NOT SUPPLIED BY US</p>	<p>Insert by pressure the lighting body after carry out the electrical connection respecting the cables polarity</p>	<p>Final result</p>

WARNING AND PROVISIONS

ATTENTION!

The appliance safety is guaranteed only by respecting, both during installation and employment phase, of the following instructions. It is therefore necessary to archive the present document.

WARNINGS:

- The power supply voltage must be removed during the installation and during any operation.
- The appliance must not be modified or tampered with in any way. Every modification can compromise the safety of the appliance, making it dangerous. Hi.Project srl refuses any responsibility for modified or tampered with products. Modifications or tampering with the product, if not authorized by the company (Hi.Project s.r.l.), nullify any direct and indirect responsibility of the manufacturer as well as the warranty.
- The appliance is free from the photobiological risk. Please follow the instructions of this data sheet.
- The product is to be considered a "Containing Product" and is not subject to maintenance. The light source can only be replaced by the manufacturer. For further information please contact Hi.Project s.r.l.
- If the flexible power cable is damaged, it can be substituted only by the manufacturer. For further information please contact Hi.Project s.r.l.
- Each product, at the end of its life, must be committed to a waste storage center specialized in electrical and electronic equipment. Alternatively, it can be returned to the manufacturer.

WARRANTY CONDITIONS:

Our products are guaranteed for 24 months from the date of purchase. The warranty only covers construction defects attributable to the manufacturer. The warranty does not include all the activities necessary for the product to arrive free port at the manufacturer for repair. The warranty is void if the malfunction is due to: improper use of the product, tampering, repairs not authorized by Hi. Project S.r.l., negligence of the installer, failure to comply with the product rating plate, damage due to natural causes such as lightning or power surges, use of power supplies or drivers not approved by Hi. Project S.r.l. and/or in any case not compliant with the technical regulations that regulate the European market, damage caused by wrong connections or connections with an IP degree lower than the purchased product, damage caused during the transport (even if the transport is organized by Hi. Project S.r.l. on behalf of the Customer), other causes that are not expressly and unequivocally referred to the defectiveness of the product itself.

PRODUCT CLEANING INSTRUCTIONS

- To clean the appliance, use exclusively a soft cloth, possibly moistened with water and neutral soap.
- Warning: do not use aggressive cleansers, alcohol or solvents.

The information contained in this document may be changed by Hi.Project s.r.l. at any time without notice and does not imply the assumption, even implicit, of any obligation on the part of Hi. Project Srl.

Hi. Project Srl refuses all responsibility if the installation is not carried out by qualified personnel and in compliance with current regulations.
